

Part 1: April 15th, 2019:

Understanding How Worldviews Divide Us/Using Our Collective Knowledge to Map the Divides

HANDOUT Part 1: [Welcome To Worldviews Collective Knowledge](#)

Dr. Maria Talero, the founder of Climate Courage, LLC, will be leading a 2-part series on improving climate change communication for the April 15th and May 13th EEE Forums. Each Monday session will combine focused learning with hands-on, workshop-style activities to foster effective climate change dialogue:

Dr. Talero writes: I am a bilingual, Colombian educator, facilitator and consultant with 20 years' experience in education (I was formerly a full-time philosophy professor). I design social learning environments that foster authentic, courageous communication and engagement on climate change as well as other social justice and environmental issues. I partner with non-profits, faith communities, and educational and grassroots organizations across the Front Range to deliver custom-designed community engagement packages in English and Spanish.

To learn more about Dr. Talero and her novel approach to improving climate change communication, visit <http://climatecourage.cc/> and view the 2-minute YouTube clip, "Climate Change Education and Organizing," at <https://www.youtube.com/watch?v=Y-zPh1pwZGA>
