

“Moving Ahead on Climate Change”

January 25th, 2021

Ethics and Ecological Economics (EEE) Forum

www.eeeforum.org

Robert Youngberg, Sustainable Development International

Phil Nelson, Citizens’ Climate Lobby—Golden Chapter

Marie Venner, Call to Action Colorado

Opening questions

1. *I know some states have responded to federal inaction by drafting their own carbon reduction laws. I assume that federal laws would be ideal; but are there any advantages to having policies and laws at the state level? (Erik N)*
2. *How much faster is climate change accelerating than originally thought and can it even go faster? (John Maus)*
